Nya's Song

Author's Note:

Okay, tonight I got really bored, so I'm trying my hand at something I wouldn't otherwise do. Tell me how you like it!

All rights go to LEGO and Owl City. I don't own any of this.

****Nya's Song****

****Nya's POV****

I quickly looked around the Bounty to make sure nobody was around. I couldn't risk them knowing I like Owl City. When I didn't see anybody, I headed to the bridge.

When I got there, I went to the console and typed in my password, _Samurai X_. I went to my music and clicked on Owl City. I have all their albums, but Maybe I'm Dreaming is my favorite. I clicked on the link and went to my favorite song, West Coast Friendship.

As I click the play button, I breath in deeply.

"Are you out there,

when the rainy days begin

to feel rather sad

and the walls are closing in?

Like the darkness around me."

"It's so hard to look away
when the daylight doesn't ever stay
Above this dull apartment view,
Oh I will surround you."

****Cole's POV****

I was lifting weights in the hold, and I had finished and come up to the deck to train when I heard her. Her voice is so clear, and strong too! It's beautiful.

****Nya's POV****

"It's quite clear that I'm stuck here
so I'll devise a plan and cut out a door
in my new living room floor."
"The porch light is so bright
that I will quickly sneak down
the dark metal shape
of the rusty fire escape."

**** Jay's POV****

I'm on the deck by the bridge's window, hiding and listening to Nya sing. It's just so lovely! Her voice is like a satin ribbon, floating through the air, enchanting all who hear it.

**** Nya's POV****

"I bought a one way ticket
'cause I knew I'd never see the ground
unless I was aboard a jet plane
and we were going down."
"When I wiped the tears from my eyes
the warm water took me by surprise
when I woke up beside the ocean
I realized, I must be in California."

****Kai's POV****

I heard Nya singing when I was in the kitchen. I wouldn't be

surprised if the whole team could hear her! Right now, I'm on top of the bridge, listening to my sister's beautiful voice.

****Nya's POV**

>

"Aloha, my happy west coast friends

do you feel alive

when the breaking waves arrive

and wash all around you?"

"The beach homes and ocean side

are quite well known by the evening tide

and we can sleep where we reside

with redwoods around us."

****Zane's POV****

As I am meditating in my room, Nya's song pierces through my concentration. It is not a distraction, however, but rather a soothing melody sung from the heart. I can feel my meditation growing stronger, and my concentration lessening.

****Nya's POV****

"The blue air is up there

and could I bring it down

I bottle it up and save it

for a sweet summer night."

"I bought a one way ticket

'cause I knew I'd never see the ground

unless I was aboard a jet plane

and we were going down."

"When I wiped the tears from my eyes

the warm water took me by surprise

when I woke up beside the ocean

I realized, I must be in California."

"I must be in California."

****Lloyd's POV****

I heard Nya singing as I practiced my elements. It's growing louder,

and I know everybody else can hear it. They've all stopped what they were doing, and now I have too. We're all trying to get as close as we can without being spotted, and so far nobody has. How far will this go?

****Nya's POV****

"Am I awake, or is this just a dream?"

"The new year is out here

and I will make a lovely list of your charms

so I'll never feel alone in your arms."

"I must be in California."

As I finished the song, I breathed deeply. Suddenly, I heard quiet footsteps, and I immediately knew they were Jay's.

"Jay?" I called into the hallway. He walked up, rubbing his arm.

"Um, hi Nya. Was that you singing?"

I immediately panicked. "You heard me?" I ask quietly.

"So it was you. Yeah, we all did," he replied, making my heart skip a beat. The other ninja walk in and come towards me.

"Nice singing!"

"Good job, little sis."

"Nya, that was amazing!"

"It was indeed most satisfactory."

I start. "You...you liked my singing?" I asked, surprised.

"We loved it!" Jay said, taking my hand and kissing me on the cheek. "Please do it again some time."

"Uh, well, okay!" I say, glad I didn't embarrass myself.

"Say, was that Owl City?" I hear Cole ask.

Oh no...

End
file.
